“ *My aunt, Donna Bruce, is one of the nurses that took care of your loved one when she came in to the PICU. I am truly sorry to hear about your lose. I will never get used to hearing that a child has lost their life to violence. We just have to know that Missy is in a better place now where this world can no longer hurt her. God be with you and your family and this sad time.*

“ Erma I haven't really had a chance to sit and talk with you but I am deeply sorry for your loss and I can't begin to imagine what you are going through. I have a 5 yr-old daughter and I don't even think I could function if I was to lose her. I just want you to know that I love you and I am going to continue to pray for you to have the strength to keep going.
