“ I was so saddened to hear of Ondira's passing. O.J. was such a lovely person. I worked with her many years ago at FOH and always knew if OJ was working, the patients were in good hands and I had a coworker I could rely on. After leaving the hospital setting for a while and returning to Genesys, I was so pleased to hear that OJ had returned to school to obtain her RN license. I ran into her not too long ago after not seeing her for years and she gave me the biggest hug...I felt warm and happy all day. The angels are now enjoying the best peach cobbler Heaven could ever hope for! I hope her family is comforted by the memories we share with them of this wonderful, much beloved woman. “ To the Curry and Jackson Families: I was really saddened to hear of Ondria's passing. She was such a sweet and loving person. I will miss her. I hope your families can find comfort from the scriptures at Revelation 21:3 - 4, where it says "death will be no more." And John 5:28-29, gives the hope of a resurrection, and we will be able to see our loved ones again. The promises from God's word has brought me comfort and I hope you find comfort as well. I will keep your families in my prayers.

“ *You'll Live Always In Our Hearts My DEAR OJ. It's true we bring nothing into this world, and nothing we take when we pass. So the time in between we must use carefully, for only the memories will last. We hurt because you left us, we cry because you're gone; with sorrow we must say goodbye, but your memory lives on. Because of what you mean to us the loneliness will always remain. But because of all the love you gave, in our hearts... You'll live always. “ *My prayers and thoughts go out to OJ's family and friends. She was a very caring, well respected, loved co-worker who many looked up to, including myself. She was an excellent nurse and well liked by all. May she now watch over all she loved and those who loved her from above - she truly is an angel. May she now rest in peace and may her family and friends find comfort in the good she brought to this world in the short time she was with us.*

“ Ondria was referred to as OJ where she worked. OJ touched not
only the lives of her patients, (and she was an excellent nurse) but
she also touched the life of every co-worker she came in contact
with. OJ used her life to minister, often when a person does that the
things they do go unknown until a time like this. OJ touched my life
and I will never forget her. She came to visit me at my home and
brought food she had prepared for my husband and me. She visited
with me at a time when I needed that visit. I will never forget her. My
husband and I send our thoughts, prayers and condolences to your
family. ~Brenda Love
