“ *I am so sorry to hear of her passing. I am a former student of Mrs Dobson from Pierson Elementary some 29 years ago and she was one of the best teachers I was blessed to have.*

*Outside of my parents, It's was strong black women teachers such as Mrs Dobson that planted the seed in me at an early age to be great, and due to her not only teaching us our regular class work, but also teaching us at an early age from the 2nd to the 5th grade about having a knowledge of self and learning about Africana Studies (African and African American history ) I went on to graduate from high school, and matriculate through undergrad and graduated with a Bachelors of Arts in History with two minors in Political Science and Africana Studies and have even greater academic aspirations to go even further to fulfill my dream of doing my part to help change the world, and it was because of teachers like Mrs Dobson and I will never forget her and to her family , please know that you all have my love and condolences and are truly in my thoughts and prayers.*
