“ *I worked with Phyllis at Mott for many years and she was always kind and, most importantly, patient, even though I'm sure I tested her with all my special requests over the years. After she left Mott, you heard everywhere, "When is Phyllis coming back?" Everybody missed her! With her calm demeanor and efficiency, she was perfectly suited for her job and was respected and admired by all. My condolences to her family and loved ones. Know that her Mott coworkers will never forget her!*

“ As we've shared with the MCC faculty today, Phyllis was a great and constant friend to our union. She was always calm, kind, and patient as we made changes over the years that needed her help to manually enter data for each one. Her own background in organized labor gave her a special understanding of what our faculty association was about and stood for, and when she left the Payroll department we missed her instantly. We feel the loss doubly now with the news of her passing and extend our deepest sympathy to her family.
