“ *I met Prentice when he came to the fender trim area, next to my work station, during his break between semesters, when he was pursuing his DDS, back in the summer of 1965. We talked and I admired him and was enamored with his life ethic. He taught my a lot about life and the 'graces' of life'. He was a gentleman and a scholarly friend. I am 65, retired from Buick-Flint, Main Office. I read the obit's in the Flint Journal everyday, and there was his name, which I will never forget.*
