“ You were so many things to me, but most of all you were a friend I don't know what to do with out you, my heart don't want to believe you are gone. I love you so much Rashan, I will miss our talks, and our mornings we would spend together, I can not put into words the things I want to say but, you know what they are, I can remember that we did not even need to say a word to know what the other was thinking we would talk with our eyes, the bond we shared is hard to find and that my friend is something noone can take they cannot take my memories or our love I feel truly blessed to have had you as my friend, My love and prayers are with the family at this time.
With love Rachael
