“ It is with the deepest feelings of loss that that I am sure all at the hospital are feeling, that I will miss her big smile and and sincere interest when she was talking with you. She always made time to make you know that you were important and you had her total attention. In the time I was able to know her, she was a genuine, fun and happy person. She will be missed as a caring nurse and as a friend.

“ I wish to express my saddest thoughts to you. Gina and i worked at McLaren for 15 years. She was my right hand man during my pregnancy on 6 north together and the wonderful memories we have as when i went to 2nd shift she came right with me. These memories are wonderful, funny and we got our job done. I tell the stories to other nurses and laugh as i do with these meomories. I'm short so when we walked down the hall together everyone stood to the side. They new not to mess with Kim and Regina. She was special to me. I cry with deepest sorrow and will keep her dear in my heart. I cant express all my memories but there are many. God Bless you and your family. Forever Love Kim Evans.

“ Sorry to hear about the loss of your loved one. Death is an enemy that we can never get use to. In my times of sorry I have found comfort in John 5:28,29 which says that one day we will see our loved ones again.
