“ *I am so very, very sad to receive the news of Regina's passing. Our thoughts, prayers, and condolences to your family in this loss. It seems like it was just yesterday that we sat in the doorway of Hamady Elementary's gym watching the kids practice wrestling, where did the time go? You have to be proud of the accomplishments that she made. Don't hesitate to reach out your friends in your time of need.*

“ *I share your sorrow in the loss of your mother and grandmother. I knew her to be an extremely intelligent and morally upright woman and professional. We taught each other how to survive and thrive in higher education without losing our integrity! I loved and respected her and looked forward to spending time together in the Grand Rapids area. She was a strong and confident woman. May your memories of her loving and caring support of you comfort you in the coming weeks. Regina accepted the gift of life with gratitude and leaves you with the tools you need to continue living a full, faithful life. God Bless You*

“ To the Mosley Family:

I was sorry to hear about the passing of your loved one. Death is liken to a thief that comes and takes away our love ones. Or due to old age and sickness we lose that precious gift of life that leads to death.

However, have you ever asked: Is death the end of it all? Or is there something else after death? The bible clears up any question you might have about death. It also shows that there is a real hope for persons who have faith.

*Yours truly,
Patricia*
