Renee, I love you girl and I will miss you forever. We just made plans to have some girl time together; just the two of us but God had a plan.

I wish I had one more moment to hear you say gurrri! one more time to hear you laugh, one more time to talk to you on the phone....

We talked a lot about the old times with Ruby, Brenda K, Pat and our parents all together at the house. Ruby doing her thing on the grill or all of us getting things ready for tacos!

You have taught me the importance of saying I love you at the end of each conversation- we never hung up the phone without telling each other those powerful words and we mean't it..

*Rest on my cousin, my friend. I love you all the way to heaven!
I miss you already!*
