“ *Bernadette and family,*

Lola and I want to extend our heartfelt sympathy for the loss of Richard. I can't remember seeing him without his infectious smile. The family reunions were good times. We would get together and catch up on what has happened since we last saw each other.

It pains us to hear that we have lost him. The loss of a family member is special; it brings deep and lasting pain along with an emptiness that seems impossible to fill. I want to share with the family where I have found comfort. the Bible promise of a return to life for those in God's memory is this: "Your dead will live. . . the earth will let those powerless in death come to life. (Isaiah 26:19) May this hope sustain you through these dark hours, along with the warm affection of your family who weep with you

We send our love
