“ *Good bye old friend. We had many fun times before I left Flint. I remember you with your head under the hood of somebody's car. Everything from changing oil to changing engines and transmissions! May this part of your journey give you rest. My thoughts and Prayers of comfort, strength, and Peace for the family. Rest in Peace my Friend!*

“ I met Robert through a mutual friend of ours at Centerview. I ran a few errands for him. He loved his Captain Crunch cereal with the wild colored crunch berries in them. I remember him wrestling with that cellphone a lot too (LOL). He would get out in that chair and go on adventures with friends. Although I don't visit people much in the building, you get accustomed to seeing them around. I remember Robert's hats for some reason. Robert was there way before I came. I wish him happy trails. I also wish that I had known he was in the hospital, I would love to have had a chat with him before he left. I regret not witnessing more. My condolences to the family at this time. We have ONE life folks. We each have gifts that the Lord has given us. He was born in the 1950's, so he got to see a lot of changes in this nation and his life. I do hope that he was fulfilled. Take care everyone. Sorry this is so long (LOL).
