“ *I and my family would like to express our heart felt love in your time of need. My family has lived down the street from your parnets for five years, there has not been a day in those five years that either your mother or father was not on the porch or working in their yard. He was in that yard so much, that he too became a flower in the yard. May the Lord continue to bless the family, " Remeber lean not to your own understanding, he has a plan for your husband and father and you too!" We will see him on the other side. Keep your trust in the Lord! God bless!*
