“ I was playing “Heard It All Before” by Sunshine Anderson (they didn't play urban music in Colorado at the time) and this beautiful girl walked in my room like it was hers. Before I could say anything she got me with her charm. We were inseparable from that day forward. We fussed, danced, we laughed, we made music together for over ten years. I have never met someone as talented as her in my life. She could write anything, sing, dance, and she was a star. We had the most amazing times together. A few of us have been looking for her for a while now and this is the last thing we expected. She was special and everybody knew it. She lit up every room she walked in. And she was truly one of a kind. Lord knows I been missing her and I always will. Love you 4ever. Wallace
