“ *As flowers grow from the soft rays of the sunlight, such it is that our friendship had grown from the soft rays of heavens light. Sister I will greatly miss you. I thank God so very much that you had a strong relationship with Him and that you trusted Him so much. May the Holy Spirit comfort us all during our loss, but heavens gain.*

“ *Oh my Lord I can't believe my sister is gone. I am in total shock and pain. Oh my God. I'd like to extend my deepest sympathy to Jesse and the boys and her dad, and the whole Earnest clan. This is so unbelievable. I can hear her in my ears now laughing at our private jokes and secrets. I will always remember her laugh, our private jokes, as well as her sudden but rare mean streaks. That's what my daughters will remember also. How can I say goodbye to my sister? After I'm thru screaming, crying, ranting, raging, and throwing things. I'll figure it out. I've never lost a sister before.*

“ We have known Aunt Tammie all of our lives. When she babysat us in our toddler years, she didn't care about the Terrible 2s. We didn't give her much trouble after she gave us "that look". We know our Mother, Re-Naye is going to have a hard time with this. Our thoughts and prayers will be with all of you during this time of your loss and healing.

“ To my beautiful sister, Tammie Rena, I know you are in a better place, but you know I've always been selfish. I know that you believed in God Almighty with every cell of your body. So I know when the time came for you to take that journey to the other side, you didn't even hesitate or look back. But like I said you know your Lil sis is selfish, I don't like nor want to say goodbye to anyone I love. I can talk to you on Mondays, Wednesdays, and Fridays now. I will always remember your face, your laugh, and all the times we shared-I know you know what I'm talking about. I can hear you laughing now. On July 3rd I will still wish a Happy Birthday even though the numbers will be going backwards, on July 17th it will still be your anniversary. You shedded your body and took flight to the Homeland of our Souls. You have a brand new beginning and a joyous reunion going on over there. Tell Uncle HL and Uncle Corneilus I said Hey, when you get the time. Me and Lady Vee(Viola) will miss you like crazy, it's still so unbelievable, me and Vee was talking about that last nite about how we want to wake up from this nitemare. I know God said you did a job well done over here and there was nothing else for you to do. He showed His mercy and said, "My Daughter, that's enough, no you can leave your glasses behind this time and for good you need none of that anymore". Lord can you show all of us left behind Mercy and take away the pain? I've lost one of my sistahs but we will holla, come see me any time you want, I'll be watching out for you-I Love You Sis. Goodnight, Naye

“ I worked with tammy for many years in the group home setting. In fact I am still there working third shift full time.

She was always smiling and took her care of others seriously. I have talked to her a few times over the years that she was retired and have thought of her often during these times.

She will be greatly missed in the workd but I know that she is now very happy in the next.. watching over her family and friends from above.

In rememberance and prayers,  
jan
