“ Tony and I worked different shifts at the Paint Plant most the time. We saw each other every day at shift change. Such a kind gentle soul who will be missed by myself and his coworkers. I always made sure to have a joke for him or an offer of my latest hair brained business partnership that would make him respond with a definitive " NO MARK", while laughing his backside off. We both previously worked for the unions outside Ford. Him a paipfitter for Local 636 and myself a plumber for Local 98. He was a good mechanic and credit to his craft.
