She then went to Texas to attend school and continued to let her voice rang. Lastly, finishing her high school education at Flint Central High School. Toyea was a lovable and triumphant mother; one in a million. She gave unconditional love and gave her upmost support. She shared her love and having fun with her family and friends, especially her husband and her children. Toyea loved cooking, shopping, playing cards, laughing and singing karaoke. Her beautiful voice would make everyone want an encore. It would be unforgettable and amaze you. She was a high spirited funny person that everyone that encountered her loved to be around her remarkable positive energy. If you knew her; Toyea was always the light and the life of the moment. She loved and enjoyed participating with the community especially if it had to do with administrative ordeals as well as communicating with the

public. She had a way of persuading you to do what is best for you in a way that would benefit you in the future. She would advise you to hold your head up with confidence and follow your dreams. Toyea moved to Avondale Arizona to own and operate a clothing boutique “A Passion 4 Fashion “. She followed her own motto and it was a success! Toyea moved back to her home town Flint Michigan, to be closer to her family. She would always say give people their flowers while they are here. During her return to Flint she furthered her education by attending Ross Medical School as a Medical Assistant. Still wanting to make a difference in people lives she began to work for Planned Parenthood in Lansing, Michigan. Toyea later on established herself as an American Red Cross trainer that taught others CPR/AED/BLS. It was at that moment she realized her other dream had to be accomplished. She opened up a community-based training center “World Class Training Center”, located in the GST -Michigan Works Building downtown-Flint. Offering training in various areas of enrichment and personal growth. Her philosophy in life was to “Teach One Reach One”. Toyea always had the mindset of trying to save the world. She always stayed a busybody and thought often how to make a difference in another individual's life.
