“ *Blood isn't always the defining factor that makes you family, but love is and I know Trina loved me and our whole family. Our families are family. Her smile had to make you smile. When I poked my head in kitchen at church she always waited for my question...every time: "Trina do you have my pork chops and Greens". She would just laugh because that was never on the menu. Emmanuel, we are standing with you in prayer. You may not believe it today, but you will make it. God is a keeper and the only source of lasting peace. Lean on Him. Love Love from The Uncle Howard Walker Family.*

“ I worked with Trina at Orion Assembly plant, she was a reason i could make it through the days there. We hit it off from day one I worked with her, always had a smile and I could always make her laugh. She would go into my CD collection and one day she says to Me " For a white guy you have a lot of black music" we busted out laughing so hard... She found out that i loved to eat soul food so on valentines day she would bring me a homecooked meal.. When i called home she would say give me that phone and her and my wife would talk like old friends. Years later I went to a plant in flint but we always kept in touch, we never missed each others birthdays , Mother & Fathers day, or just to hear each other voices. I hated my 2 hour drive each day to go to work but when I got there Trina was there to make me forget all about it. Trina you may be gone to your heavenly home , but know this , I'll never forget you and the joy you brought into my life. I'll see you again someday and until then get my meal ready. Love You Your Friend John Majewski
