Miss Vera green my auntie my friend my family you are part of my life but as long as long as I can remember we lived in a home together when I was a little girl. You always loved and cared for us the last late night chat that we had together you made me know how important family was and that I needed to put the past behind me and live for the future to forgive and I will be forgiven you let me know that I needed to open my heart and to let go of the anger for that conversation I will always be grateful to you . I love you Auntie but God loves you more you may be gone in the physical aspect but in my heart you will always remain your niece. Anna Spicer

*We'll my friend, I am still trying to process that God has plucked a beautiful flower ready for his garden. If I had known that the last conversation we had would be our last I would of called you back. You have been a friend to me since 1983. Thats along time to know someone as special as you were to all whom came in contact with you. I have memories that I will hold dear to my heart. I know you are in a place where you are healed, delivered, and set free. I thank God for allowing our paths to cross whether good or bad we still managed to be friends through out the year. To Robert, Renee, and Samella and all her grandchildren whom I knew she loved dearly be encouraged and know your Angel will be right there if you need her.
Rest in Heavenly Peace Vera your friend. 🤔💜👍💜🤔*
