“ The first time we ever met Victoria she was wrestling my son Wyatt at a tournament in Montrose, she had him pinned so fast that he had no idea what had just happened to him. After that she gained the respect of our entire family, not only for her skills as a wrestler but for her sportsmanship and her energy. She certainly looked as though she was enjoying herself every time we watched her wrestle. Youth wrestling in mid Michigan will not be the same without her. Your family is in our prayers.

“Princess, It seems like only yesterday, that we watched you as a baby. We watched you grow and mature into a beautiful little girl with so much love and laughter to give. In your short time you touched so many lives. You were a model to many on how life should be lived. Know that we love you now and you will forever live within our hearts. Now you are God's Princess.

“ To the entire family and friends of Miss Victoria Taylor, I know that words are not enough to take away the pain and heartbreak of losing a child. It seems like our children are leaving this place younger and younger and not through illness. I have been grieving with you ever since I heard the news that afternoon. I have been praying for you all. Lean on God Almighty because he is the only one with the power to help you through your darkest hours. You have my deepest sympathy. My prayers are with you night and day.

“ I am so sad that Victoria died. She was one of my favorite wrestling buddies at Team Michigan. Victoria was fun to play with and a great wrestler. She used to make me laugh when she would wrestle girls twice her size and call them chubby and run and make them chase her. She was always laughing and making wrestling fun. Victoria was always having a lot of fun. I will miss her.

“ Although we did not get the chance to spend a lot of time with Victoria, the brief time spent together will always be cherished. While playing basketball at our recent family reunion, Victoria showed us the characteristics all great champions possess. Victoria was focused, energetic, resilient, and committed to going above and beyond the status quo. From all that we have heard in the days following the passing of our beloved Princess, we truly believe that Victoria's life shines as an example for everyone to follow. We all should pursue excellence to achieve greatness in every aspect of our lives. Earth's loss is Heaven's gain. God bless our family at this time of grief. Let us all remember that our home is in Heaven. Death is a comma, not a period. Victoria, we love you and will live each day to the fullest to honor your tremendous zest for life, school, wrestling, basketball, and more. In the true spirit of our African heritage, we must keep Victoria's legacy alive. As long as one or more person speaks her name, she will never die.

“ Being that I'm not in the local Michigan area, I did not have the opportunity to see Victoria on a regular basis, which I do regret. But this month at the family reunion I got to spend time with her, playing basketball & enjoying other family functions. To know 9 years is so short, but the 2 days I spent with her, left such an IMPACT of how much energy she had, so sweet and such a kind and caring person she was. She was a determined competitor, I was impressed. I was watching the WNBA 2 weeks ago & I was thinking I will see her there in a few years. Hearing what happened I still can't believe its true. I always hear, "Everything that happens is God's will." We don't always understand why... I so pray that the love Victoria gave to us, grows with in us, as she is now a Angel looking down upon us. Love!!!

“ David and Vicky, Victoria has touched the lives of so many. She was a great role model for all the girls on team michigan. She always encouraged them to work hard and try their best. She was always so happy to help out the younger smaller kids. My daughter kaitlyn was always saying how Victoria helped her at practice. Thank you for letting us have a small part in her life. “ I had a friend once tell me that every person is like a light bulb, everyone has a glow however some have been blessed to have more "WATTS" than others. I believe Victoria was one of God's MEGA WATT Floodlights. When I think of Princess I think of this saying and the "glow and happiness" she brought to others. Her aura and smile would light up a room. In the short time that my family was able to spend with her it was clear that we were in the presence of a special young lady. Whether it was eating, swimming, playing games, or "cracking jokes" her love for people came shining through. We will continue to keep David, Vicky, "Pie" and extended family in our prayers and ask that you allow Princesses' light to shine through you each and everyday.
