“ My friend Walter was a generous and loving man. We met when we were very young and recently kept in touch. He adopted my cat Angel as his God cat and very often sent her and me treats on special holidays. I received a Valentines card from him. I knew he was very ill. However, I tried to comfort him in remembering the few times over the last couple of years that we had spent together or had conversations on the phone. I will certainly miss my good friend. His suffering is over may he Rest in Peace. Luv U, Angie "Butter" Settle

“Walter and I were cousins who met at the Martin Family Reunion in Greenville, Kentucky at Martin Acres our family farm. He was an outgoing 15 year old who left a great impression from that encounter almost 50 years ago.

Being several years older, living in different states, and being from different branches of the family tree, we never spent any significant time together as life moved us through adulthood. But that weekend was very memorable and the comments that I have read about Walter suggest that he remained that same outgoing person who had a positive impact on many many more lives.

Recently, book was published entitled "The Martin Family Legacy" which tells of our family history from our slave origins through 8 generations. I would be honored to provide a copy to the family, and it would be great to include Walter's history in the next edition.

Please excuse the length of this tribute, but God has a way of using our loved ones to bring us together during times of loss, and I encourage the Walter Martin Lucas III family to feel free to reach out and discover more of his family legacy.

Rest in peace cuz. And to your sons and family, please accept my condolences on behalf a the entire Martin Family.

Sincerely,

Jon Mapp

“ *Words cannot express the sorrow that we feel with the loss of Walter. He is the reason that my boys and I are in Flint. Walter is more of a brother to me than a friend. He will forever be "Uncle Walt" to my sons Dion and Dwayne. He watched them grow up from the time we met in dental school. Walter was the kindest person that I know. He would do absolutely anything to make your life easier. I will miss his laughter and his smile would light up the room. My prayers go to his family. May you rest in peace my friend. You will always remain in our hearts.*

“ It was so sad to hear the news of Dr. Walter (Walt) Lucas III passing. We met at the YMCA on 3rd Street when we were in the 5th grade, the same age, and our birthdays were 4 days apart in August. We became good friends and spent a lot of time especially on Saturdays at the Y hanging out swimming, shooting hoops, playing pool, and ping pong. Our friendship developed, his parents (family) treated me so well and he and I were like brothers. We started playing football and basketball at school about that time, but we were each other's competition because he went to St. Matthew's and I went to Sacred Heart. After junior high we teamed up at Powers High School where we continued to play football, basketball, and baseball together. We graduated and went our separate ways off to college where we both became members of Alpha Phi Alpha Fraternity, Inc., married, both had two sons, purchased homes, and worked. We've kept in touch pretty much the entire time since 5th grade and I consider him not just a friend but a brother from another mother. Walt was a very loving and generous person throughout the 53 years I knew him. And the Friday night that I found out about his passing a gift was at my door when I got home, and it was from my brother Walt. I'm going to miss you Bro. Thanks for the friendship. Brotherly Love, Vincent Walker.

“ *To the Lucas Family:*

I was sorry to hear about the passing of your loved one. Death is liken to a thief that comes and takes away our love ones. Or due to old age and sickness we lose that precious gift of life that leads to death.

However, have you ever asked: Is death the end of it all? Or is there something else after death? The bible clears up any question you might have about death. It also shows that there is a real hope for persons who have faith.
