“ Uncle Billy. It hurt my heart to see you go, but I know you are now at peace. I've been listening to your song "I can't live without your love". It really touched my heart. The words are a blessing to me. You were the uncle that always kept it real laid back. You never complained. You did you. One can always learn something from a family member. I leard unconditional love from you. I learned that no one on this earth is perfect but they still need love. You have shown me that you never kick a person when they are down. And that God will bless those who are a blessing to others. My life is blessed because of you. You always treated me with love. And I thank you for that. Rest in peace.

“ What moves through us is a silence, a quiet sadness, a longing for one more day, one more word, one more touch, we may not understand why you left this earth so soon, or why you left before we were ready to say good-bye, but little by little, we begin to remember not just that you died, but that you lived. And that your life gave us memories too beautiful to forget.

“ Words can not express how sadden I am by you leaving. I really appreciate the unconditional love you showed me by being the male figure in my life. Although you were not biological father, you always treated me like I was your son, and I will always love you for that. I still think about you all the time, and wonder why things couldn't be the way you always hoped them to be; the way "we" hoped them to be. I am truly sorry for all the pain you endured, especially in your last days here on earth. At times, I would wonder, why did my parents have to turn out like this.....why couldn't I get just one good one? But as I sit back and think about it....God blessed me with one of the best dads in the world when he brought you into my life, and I am thankful to be apart of yours. Rest in Peace Dad....you will be truly missed. I love you man!
