“ To the Cooper family, It was my pleasure to have Willie (Coop) as a teammate at Flint Northern. We reconnected with each other in 2005 before my father passed. He reached out to me when his father passed and we both were able to help each other deal with our losses. We continued to stay in contact with each other off and on since. He shared with me the bad news (his illness) and he shared with me the good news (his calling into the ministry). Every time I talked with him he asked me how my wife was doing (with her own illness) but never letting the focus get on the battles he faced with his own. I'm glad I was able to visit with him in Sept of 2012. We hadn't talked in 2 months and when he wasn't responding to my calls and texts I knew he was preparing himself for something much GREATER.

“ Lord, I come to you know for my friend. I come to you to ask that you provide them strength and comfort in this time of deep need. Their hurt and grief run so deep. I feel so much pain for them, but I can only imagine how hard this time must be for them. I pray that you help them maintain their faith in you during this difficult time.

*I know you can be our greatest shoulder, but I also ask that you remain their biggest provider. It is a time when daily life can be so burdensome. Please provide patience from others as they work through their grief. Surround them with understanding so that they can work through all the emotions this loss brought up. In this time when so many things get lost - bills need to be paid, homework needs to be done, etc. - allow those around them to help keep regular life on track.*

*And Lord, allow me to be a comfort to my friend. Help me be what they need during this time. Provide me with the comforting words, the kindness in my heart, the patience to allow the grief to take it's course. Let me be part of your light and comfort during this time.*

*I pray these things in your holy name. Amen.*
